

MAGUA WATER TECHNOLOGIES is committed to the quality and sustainable development of our activities in the design and supply of water treatment plants and to guarantee the maximum satisfaction of our clients.

IMAGUA WATER TECHNOLOGIES has a Quality Management System based on the UNE-EN-ISO 9001:2015 standard. IMAGUA WATER TECHNOLOGIES is committed to comply with and communicate the following values and commitments:

1. Continuously improve the efficiency and control of the processes through the Quality Management System of the organisation.
2. Management's focus on continuous improvement, updating our internal processes and codes of good practice, increasing the quality of our activities and our customers' expectations.
3. Comply with customer, legal and regulatory requirements and those established internally.
4. Promote a culture in the organisation that allows us to anticipate the needs of our customers, with the aim of exceeding their expectations.
5. Encourage employee participation and their personal and professional development.

Quality is a commitment and responsibility of all the staff of IMAGUA WATER TECHNOLOGIES and actively participate in the maintenance and continuous improvement of our Quality Management System.

The Management undertakes to make available the human and material resources necessary to meet the requirements of the activities carried out, the objectives and to continuously improve the effectiveness of our Quality Management System. This quality policy is reviewed annually for its adequacy to the context of the organisation and strategic direction. It is communicated and made available to relevant stakeholders.

The Management of IMAGUA WATER TECHNOLOGIES, on the eleventh February 2020.
